Artisan single malt whisky from India, slow trickled distilled from locally sourced six-row barley in the deserts of Rajasthan. Uniquely matured in Cherry Casks at temperatures often reaching 100 F. Once upon a time, Godawan or the Great Indian Bustard could be seen all over India. Now only 150 remain. Rajasthan is now its sole and natural home, thanks to the long standing tradition of it's people to live in harmony with nature. It is the living embodiment of their culture of preservation and the proud mark of Godawan Single Malt Whisky. **MUST TRY!*
